Description

A 1920s full hunter pocket watch in beautiful condition. The watch has a hand-winding movement, with 17 jewels, which has been fully tested and is working nicely. The movement is protected by an inner hinged cover. The watch measures 46mm diameter excluding the winding stem and the loop. The case is 14ct gold plated and it is in very nice condition with just the odd minor mark. The winding crown pushes down to release the front cover. The plastic lens is in good condition. The white enamel dial is in very nice condition. The hands appear to be the originals... some of the finish has come off the minute hand. The watch comes in a vintage presentation box from Michauds of East London. PRICE INCLUDES WORLDWIDE POSTAGE
