Description

Georgian Flame Mahogany Chest of Drawers This Chest has a superb patina, it is stamped Gillow of Lancaster on the top edge of the drawer The chest has two short drawers at the top and three graduated long drawers beneath, the drawers have beautifully figures fronts, these are set off with pierced brass escutcheons and matching swan neck handles, and it stands on a bracket footed plinth The drawers run very smoothly and have their old paper linings, though these are rather tattered and untidy, they could be removed but it is all part of the history of the piece This is a very good looking piece, the chest of good solid construction it has no creaks, splits or woodworm, it is in good condition with few age related marks The chest measures 31" high 39" wide and 22" deep SR90 We Give Free Delivery to Mainland England & Wales, to see all of our current stock please visit our web site at www.elmgarden.co.uk Delivery times vary from 7 to 28 days We only operate an online store and regrettably viewing in person is not an option.
