Description

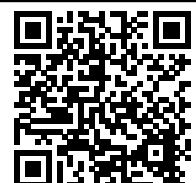

A Superb French Fruit Wood Bistro Table This is a Superb looking piece, the table top is made from 3 planks of beautifully figured Fruit Wood, the table stands on slightly tapering square legs. The real charm of this piece is the wonderfully patinated wood but it does have a very unusual feature remaining from its previous life, on the top there is a slot where the proprietor could drop the days takings into the money drawer, which of course is kept locked The table has sturdy legs it is in good sound condition, there are many signs of Ver du Bois but it is all dead and adds to the rustic charm of this very attractive piece The table is 42" long, 25" wide it is 30" high , 24" under knee height DL193 We Give Free Delivery to Mainland England & Wales, to see all of our current stock please visit our web site at www.elmgarden.co.uk Delivery times vary from 7 to 28 days We only operate an online store and regrettably viewing in person is not an option.
