## Description

A Georgian Oak Chest of Drawers. This very attractive chest has two short drawers at the top and three graduated long drawers beneath, this is a heavy chest of drawers, it stands on Bracket Footed Plinth and it has a solid oak top with a moulded edge. The drawers run very smoothly they have superb brass escutcheons and swan neck handles, although these are old I think that they have been replaced but the originals would have been similar. The chest is of good solid construction, it has a superb patina and it is in good condition with age related wear, on the top. The chest measures 37" high 37" wide and 20" deep.
