Date of manufacture: 1800

Description

5 rare antique early 19th century Chinese or Japanese bronze Koi fish , c 1820 . There are 4 single fish and one double example. Each is different and they are all well cast with great detail to the scales, fins etc. They have aged well with great colour and are in good condition given their age. There is some surface wear / marking and verdigris /discolouration of the metal and one fish has a loose tail which can be removed (see photographs). They have a great look and this is a rare opportunity to pick up a set of fish as opposed to individual examples. Please refer to the detailed photographs and feel free to contact me with any questions or if you would like to view the item. Size: Sizes range from 9 cm tall x 15 cm wide x 30 cm long to 13 cm tall x 6 cm wide x 15 cm long. I will happily ship worldwide.
