A vintage gents 1950 Omega bumper automatic wrist watch

Price

Sold

Item Reference: SA392288

Date of manufacture: 1950

Description

A vintage gents 1950 Omega automatic wrist watch. The watch is ticking away nicely and the time keeping is good. The watch has a bumper automatic movement (the bumper automatic was made before the rotor automatic). As with most bumper automatics, you can feel the rotor moving around, which we quite like. The movement is signed Omega Watch Co, Swiss, seventeen 17 jewels with the calibre number 351 and the serial number 12276896 which dates the watch to 1950. The case measures 33mm diameter excluding the winding crown and the lugs. The case is stainless steel. The case is in nice condition with only light surface marks from use. The case back is stamped Omega Watch Co Swiss made and numbered 2582-3C. The watch lens is in nice condition. The black dial is signed Omega, Automatic, Swiss Made. The dial has been professionally refinished to a very high standard. The watch has its original hands. The watch comes on a vintage non Omega beads of rice strap which measures 17 cm. The watch comes on a non Omega presentation box. Price includes worldwide postage.
