Description

A Large Shabby Oak and Leather, Office Chair or Desk Chair This Charming and very unusual Chair came to light during an office refurbishment, the chair has been lost in a dark store room for goodness knows how many years, it was made by EBBUTT'S of Croydon The Chair is made in Oak which has bleached and faded over the years but it is very sound and sturdy, it has square back with a deeply buttoned shabby leather inset, this is showing signs of age but has a unique and luxurious look, the arms of the chair are very stylish with the Art Deco arching Shepherds Crook Arm Rests. The Chair Seat has a wide saddle shaped seat which is comfortable and it has a swivel base This Stunning, Store Room Fresh Chair, is very sound and dates from the turn of the 19th/ 20th Century and has a wonderful aged patina and shabby leather (we can have the leather replaced with new if desired) The back of the chair is 42" from the ground, it is 24" wide across the front, the seat width is 21" and the chair is 24" deep TDL67 We Give Free Delivery to Mainland England & Wales, to see all of our current stock please visit our web site at www.elmgarden.co.uk Delivery times vary according to your...
