Sold**Item Reference: SA396036****Date of manufacture: 1900**

Description

An antique Waltham and Coventry Lever Co Ltd pocket watch. The watch has a grade 620 stem-winding movement which is working nicely... this grade was in production by Waltham from 1897 to 1908. The signed movement is good quality and has a damascene finish which would have added considerably to the production costs. The serial number on the movement dates the watch back to 1900. The watch measures 51mm diameter and it has a very nice two tone case with screw-on bezel and back. There is a smooth indentation to the case back. The watch glass is in good order with just a small amount of nibbling to the bevelled edge. The white enamel dial is signed with the Coventry Lever Co Ltd name, a company retailing imported American and Swiss pocket and wrist watches. It also has the Special Waltham name. There are a couple of short faint hairline cracks between 7 and 8 but other than that, the dial is in good condition. Blued steel hands. PRICE INCLUDES WORLDWIDE POSTAGE
