Description

Fully serviced with a 12 month warranty. This is a very fine example of a gents classic wristwatch made by the world renowned premier Swiss maker Omega. The watch is the calibre 265 15 jewels manual wind movement, as you can see it is in fabulous condition. The serial number accurately dates it to 1949 and it has the rare Model Reference 2620 on the inside of the case. The sub seconds dial has been fully restored and in mint condition. The solid 18ct rose gold case is oversize and measures 38mm in diameter excluding the winding crown making it the largest Tresor and indeed the largest cased Omega made. We have photographed it against a standard size watch of 34mm to give you an idea of the size. It has the Omega symbol on the crown and on the rose gold plated winding crown. A new glass has been fitted and the case has been professionally polished so it is in superb condition. As you would expect the watch is fully marked on the dial, movement and case. It comes with a brand new high quality presentation box and premium black leather strap. The case is fully hallmarked. Omega are one of the most exclusive watchmakers in the world and this watch certainly has that...
