Description

A 1930s Art Deco pocket watch. The watch has a good quality Swiss stem-winding movement which is working nicely. The watch has a most unusually shaped case, true Art Deco style. The case is chrome plated, a very popular method in the Art Deco period. There are some surface scratches to the case back just from use. The lens is in good condition. The dial has a textured sunburst pattern which really adds to its character. There is a little age related darkening. The fleur de lys patterned hands are a particular nice feature. PRICE INCLUDES WORLDWIDE POSTAGE
