Sold**Item Reference: SA396297****Date of manufacture: 1890**

Description

An antique Waltham Riverside pocket watch. The watch has a stem-winding movement which is working nicely. The movement is signed and it has the serial number 7,342,702 which dates it back to 1895. The movement hinges out of the front of the case when the bezel is removed and winding stem is pulled up. The watch measures 51mm diameter excluding the winding stem and the loop. The case is gold filled and was made by the Crescent Watch Case Company. There is some light marking to the case but overall the condition is very good for its age. The watch glass is in very good condition. The enamel dial is also in lovely condition and it has blued steel hands, a subsidiary seconds dial and an outer minute track. PRICE INCLUDES WORLDWIDE POSTAGE
