Description

Here we have an arched top cupboard with a single door. The door hangs on the original external hinges allowing it to open fully. It stands on very attractive feet. Dating from the 1900's this is in excellent condition for its age. The piece currently has shelves inside which can be adjusted to suit your needs, we can also add more shelves if you require them. This would be a lovely addition to a child's bedroom storing toys or clothes, or in a hall, tidying away bags, coats, dog leads etc Originally it would have stored linen, and would still make a very useful towel and linen cupboard on a landing. Height: 73.5", width: 39.5", depth: 18.5"
