Description

An unusual mantel clock from the Art-nouveau period. The arched case being entirely chromed with a contrasting black dial. The 8 day pendulum movement strikes the half-hours and the hours on a bell. It is signed by the World renowned maker "JAPAY FRERES. PARIS" and has just been fully serviced by our BHI registered staff. There is a picture of what appear to be cherubs below the dial. A very difficult clock to photograph due to the reflection of the chromium. Dimensions: Height 10" (26cms) Width 7" (18cms) Depth 4" (10cms)
