Description

This pair of brass dogs are extremely heavy - weighing 1.9kgs each. They measure 25cm in height at the front, the length from front to back is 21cm and the feet at the front are 15cm across. There is a claw holding the big ball at the top, and the feet are shaped like big lion's paws, whilst in the centre is a shield symbol. They have been very well made and are solid. There were once lacquered and we have just lightly polished them. Postage and packing within the UK mainland only, is included in the price. For delivery elsewhere and abroad, please contact us and we will be happy to give a quote for postage costs.
