Description

A Victorian Superbly Carved Pussy Oak or Green Man Desk. This is a rare piece indeed, the desk is made through out in Oak which has been superbly and intricately carved with the masks of Lions or perhaps the green man and geometric patterns. The desk has its original brown coloured leather top with a moulded and deeply carved edge and heavily carved legs. Although the desk has drawers on one side only, the reverse side looks identical. This piece was definitely intended to be viewed from all sides. The desk is old but in very good condition for its age, the only imperfection is a tear in the otherwise sound but aged leather. We can have a new leather put in if this is your preference. The desk is 54" wide, 32" high, 30" deep and the under knee height is 24".
