Description

An unusual and fine quality early-mid 19th century FRENCH MANTLE CLOCK in full working order. The white marble case is surmounted by an ormolu embellished urn, with twin Corinthians columns, also with urns, and further ormolu decoration to the base. Below the dial is an intriguing, and rare original painting of a busy French urban scene with market traders serving various customers and Parisian buildings behind, within its gilt brass and glazed frame. The 8-day movement (signed Marti & Cie) strikes hours and half-hours on a bell; the enamel dial is perfect as are the good ormolu pierced and engraved hands. A lovely clock of compact size. 14ins high; 8ins wide; 3.8ins deep. (35.5 x 20 x 9.75cms)
