Sold

Item Reference: SA400106

Date of manufacture: 1950

Description

A gents 1950s Newmark wrist watch. The watch has a hand-winding movement which is working nicely. The watch measures 25mm wide excluding the winding crown and 40mm high including the lugs. The case is rose gold plated and it is in beautiful condition. The case back is stainless steel. The curved lens has very light scratches, barely noticeable to the naked eye. The signed dial is in its original finish and again, in very nice condition with original hands, a subsidiary seconds dial and an outer minute track. The watch comes on a Bonklip style bracelet, possibly the original. It would have had a rose gold finish but some of this has rubbed off over the years but overall it still has a most charming appearance. Price includes worldwide postage.
