Description

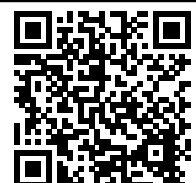

French Buffet de Corp, Carved Walnut Game Cupboard, Bookcase French Buffet de Corp, or Carved Game Cupboard would make a superb bookcase, it is beautifully carved with country scenes. The upper section of the Cupboard or Trophy Cupboard has two carved doors enclosing a shelved cupboard these are carved with herons. The carvings on the lower section of the bookcase the hunting dogs one with a game bird in his mouth, the interior of this cupboard is also shelved and there are 2 smooth running drawers above, it has a centre section with a small spice rack in the centre section. The Bookcase is very tall, but it breaks down into three pieces for transportation (plus the cornice), I have included pictures of it assembled with out the centre section, and another with out the cornice it works just as well this way and would not be too high for most modern rooms. The Bookcase has a solid back it is in sound condition apart from age related wear. The Cupboard is 97" high, 50" wide and 20" deep, or if the middle section is omitted it is 88" high and 74" high with neither the middle section or the cornice.
