Price

Sold**Item Reference: SA402035****Date of manufacture: 1900**

Description

Absolutely MINT cased set of 12 Sterling silver teaspoons and a pair of sugar tongs from the early Edwardian period. I doubt these have ever been used in all their life. The spoons are nicely engraved on the handles and bear no initials. The sugar tongs are also engraved the same. The case bears the retailers stamp for ALFRED SOUTER, 76 NETHERGATE DUNDEE. The spoons were made by COOPER BROTHERS & SONS Ltd of SHEFFIELD with a date for 1903. These would make a wonderful gift for someone.
