Description

A vintage 1920s Swiss .800 silver pocket watch. The watch has a stem winding movement which is working well. The nicely jewelled movement is unsigned. The inner case back is engraved 'Ancre, 15 rubis, levees visibles, double plateau'. The watch measures 48.6mm diameter excluding the stem. The Swiss silver case has .800 silver marks. The case has traces of a rose gold wash to the bezel and outer back although some has worn off over a period of time, the case has light surface marks from use and mild bruising to the back but overall it is in nice condition for a 1920s piece. The glass lens has faint surface marking from use although very acceptable. The white enamel dial has faint hairline cracks and a small nibble to the sub second dial at 5 o'clock but otherwise it is in nice condition. The watch has its original ornate rose gold coloured hands. Price includes worldwide postage.
