Description

A gents 1930s silver cushion cased wrist watch. The watch has a hand-winding movement which is working nicely. The watch itself measures 32mm wide excluding the winding crown and 32mm high excluding the fixed wire lugs so it is a decent size for a 1930s piece. The case is silver and there are hallmarks inside the case back for Glasgow (import mark), 1931 with a sponsor's mark for George Stockwell. From 1 June 1907, Stockwells acted as assay agents, facilitating the import into Britain of foreign gold and silver items, which had to be assayed and hallmarked in a UK assay office before being released for retail. This particular case is in good condition with just a few marks to the case back. The lens is in good order. The white enamel dial is in lovely condition with original blued steel hands, a subsidiary seconds dial and an outer minute track. A later brown leather strap has been fitted. PRICE INCLUDES WORLDWIDE POSTAGE
