Description

A wonderful and most unusual Cocktail mixer, less of a shaker and looking rather like a coffee pot or cafetiere. Made by the top-notch London silversmith, "Goldsmith's and Silversmith's Co. Ltd." of Regent Street, the knob on the top is used to move the shaft up and down mixing the ingredients inside. Something different for the bar, made from silverplate and dating to around 1920. Excellent condition, the base diameter measuring 3 3/4"; spanning 6" from spout to handle and standing 8 1/2" tall. Item ID:37582 FREE Worldwide Registered Airmail Directly from London, England
