Description

A vintage 1920s Tempo rolled gold pocket watch. The watch has a stem winding movement with 15 jewels, which is working nicely. The watch measures 46mm diameter excluding the stem and loop. The case is rolled gold case ... it has a gentle indentation to the back and light surface marks but overall is in a very acceptable condition for a 1920s piece. The watch lens is in good condition. The signed dial has a great look with a textured harlequin pattern. It is in very nice condition and has a subsidiary seconds dial and an outer minute track. In real life, the dial is more golden than it looks in the photos. PRICE INCLUDES WORLDWIDE POSTAGE
