Description

This is a very fine and exquisite example of a ladies wristwatch made by the world renowned premier Swiss maker Omega. It has a platinum case surrounded by diamonds and then more diamonds to the the most beautifully designed lugs, very much of the Art Deco era in design. As you would expect from Omega the diamonds are bright, crisp and evenly matched. It has decorative engraving around the side of the case which is a sign of pure quality. The bracelet and clasp is of solid 9ct white gold and which slips over the hand and it just simply glides around the wrist. It has approximately 1.5cts of diamonds. The was case measures 18mm not including the crown. It is quite stunning, the dial has been fully restored so is in perfect condition. A new glass has been fitted and the watch and bracelet professionally cleaned and polished so it is absolutely pristine. It has a top grade caliber 482 17 jewel manual wind movement - it is an absolute gem, sparkling clean and in like new condition, this is a movement from the golden age of Swiss watchmaking. As you would expect from Omega the watch is fully marked on the dial and movement. It comes complete with a presentation box...
