Description

An antique Thomas Russell & Son full hunter pocket watch, circa 1910s. The watch has a stem-winding movement, with 10 jewels, which is working nicely and keeping good time. The movement is signed Thos Russell & Son, Liverpool and it is protected by an inner hinged cover. The watch measures 50mm diameter excluding the winding stem and the loop. The case is gold filled and is the Russell model by the Illinois Watch Case Company. There are two small indentations to the back of the case but overall it is in good condition. The winding crown pushes down to open the front cover. The watch glass is in good order. The signed white enamel dial is in good condition. The hands would have had infill originally. PRICE INCLUDES WORLDWIDE POSTAGE
