Description

An antique Sandringham pocket watch and chain, early 1900s. The watch has a Swiss stem-winding movement which is working well. The movement is protected by an inner hinged cover. The watch measures 49mm diameter excluding the stem and the loop. The nickel case is in good condition, as is the plastic lens. The signed white enamel dial is in very nice condition and has blued steel hands and an outer minute track. The watch comes on a single albert, 23cm long including the T-bar and the clasp, and a double sided fob. PRICE INCLUDES WORLDWIDE POSTAGE
