

SA408143

Antique Goliath pocket watch and chain, circa 1910

Price

Sold**Item Reference: SA408143****Date of manufacture: 1910**

Description

Antique Goliath pocket watch and chain, circa 1910s. The watch has a stem-winding movement which is ticking away. The movement is protected by an inner lens and also a hinged dust cover. The watch measures 65mm diameter excluding the stem and the loop so it is larger than the standard 50mm pocket watch. The case is in good condition with just the odd minor mark and there is a thin gold rim around the lens which is in a nice touch. The watch glass is in good condition. The enamel dial has some repaired damage on number 4 but otherwise is in good condition. Blue steel hands (initially pin-set), a subsidiary seconds dial and an outer minute track. The watch comes with a watch chain which measures 25cm long including the T-bar and the clasp. PRICE INCLUDES WORLDWIDE POSTAGE
