Description

The 'Quirklig' was the woven bag for containing pairs of scissors - as can be seen in the photos attached - showing front and back of the bag. Bags of this age are now rare and this is a lovely example of the bags made by Shahsevan nomads in the Moghan region around the latter part of the 19th century. This bag is sold without the scissors, which are part of my own collection. Size: 41cm x 10cm (1' 4" x 4").
