Description

This large antique walnut pedestal desk is fantastic quality with fine carving all over & beautiful burr walnut veneers. It's Queen Anne style & I would date it to around the 1920's period. The top has three tooled leather inserts & the back of this desk is finished off as nice as the front. The graduated drawers are serpentine shaped, plus they have the original brass handles & locks. The shaped feet are solid walnut & also carved. Whoever made this desk paid a lot of attention to detail. The inside sides of this desk are just as well veneered as the outside. Please take a good enlarged look at all the images to appreciate the amazing features on this desk, especially the carvings. Please note that the depth measurements are hard to get exactly right due to the shaping Length - 55", 140 cm Depth on Top - 27", 69 cm Depth on Feet - 29", 73 Height - 30.7", 78 cm Kneehole Height - 23.8", 61 cm
