Description

A gents 1950s Roamer Super Shock wrist watch. The watch has a hand-winding movement which is working nicely and keeping good time to around two minutes or so over 24 hours. The watch measures 33mm diameter excluding the winding crown and the lugs. The case is gold plated with a stainless steel back and it is in very nice condition. The lens is in very good condition too. The signed dial has its original hands (which have a little marking), a centre seconds hand with a red pointer end and outer minute markers. A new leather strap has been fitted. The watch comes in a vintage Roamer presentation box, probably not original to the watch as it has the name Roamer Standard on the lid. PRICE INCLUDES WORLDWIDE POSTAGE
