Description

A 1920s/30s Swiss pocket watch originally retailed by Fattorini & Sons Ltd of Bradford. The watch has a good quality Swiss stem-winding movement, 15 jewels, three adjustments, which is working well. The movement is protected by an inner hinged cover. The watch measures 50mm diameter excluding the winding stem and the loop. The case is the Moon model by the England based watch case maker Aaron Dennison., 10 carat gold plated and guaranteed to wear 20 years. The case is in good condition with just one minor indentation to the back. There is an emblem to the back of the watch. The watch glass has light marks but is very acceptable. The white enamel dial is signed with the original retailer's name, Fattorini & Sons, Bradford. The Fattorini family were well known in the watch trade. The company was established in 1827 by Antonio Fattorini and his four youngest sons subsequently ran the three branches in Skipton, Bradford and Harrogate. These three branches went on to become run independently of each other and they then became the future inheritance of the sons concerned. PRICE INCLUDES WORLDWIDE POSTAGE
