Date of manufacture: 1960

Description

A gents Omega Seamaster wrist watch. The watch has a calibre 285 hand-winding movement which is working well. The movement is signed Omega and it has the serial number 17,889,248 which dates it back to 1960. The watch measures 35mm diameter excluding the winding crown and the lugs. The case is stainless steel and it has the raised Seamaster logo to the screw-on case back. Overall the case is in good condition with just some light surface marking to the sides. The winding crown has the Omega logo... there is an indentation to the end of the crown. The case reference is 14390-7-SC which is correct for the calibre 285 movement. The lens is in good condition. The signed dial has some visible freckling around the number 3 marker and tiny bumps across the rest of the dial which are barely noticeable to the naked eye. Dauphine hands, centre second hand and outer minute markers... there is a little marking to the hands. A new black leather strap has been fitted. PRICE INCLUDES WORLDWIDE POSTAGE
