Description

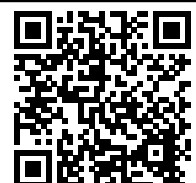

A superb 19th Century Campaign trunk constructed from mahogany with brass fittings. This is a well made antique trunk of quality. There are one or two marks to the top as are to be expected in an antique piece, but these only add to the character, the overall condition is very good, the mahogany is a lovely rich colour and the inside of the trunk is very well presented, as can be seen from the photographs. This is a very useful antique piece of furniture, perfect for extra storage and well suited for use as a coffee table. This antique trunk, with its clean, simple lines would suit any interior scheme. c.1880 Length: 37.75" (96cm) Width: 19.25" (49cm) Height: 18" (46cm)
