Depth = 26 cm (10.2")

## Description

A magnificent copy of the 19th Century Classical bronze of a nude Narcissus by M. Amadeo Napoli. He has a ram's fleece over his arm and is standing on a square base. According to Greek mythology, Narcissus is shown looking at a reflection of himself, and consequently fell in love with his own reflection. This figure was highly popular in many stately homes in the 19th Century, and remains popular today.

Internal Ref: 003
