Description

A large antique pine cupboard dating from 1900. Two beautiful arched panelled doors with lovely carving detail, four shelves inside, and two drawers below. The doors are mounted on the original external hinges which means the doors open fully. The drawers each have small wooden knobs. This cupboard could be used as a children's wardrobe as the shelves can be removed. I can fit a new brass hanging rail if required. The internal depth is 16" which would be fine for small coat hangers. Currently in the bare wood having just been stripped. If you'd like us to wax it for you then the cost of waxing would be £77 extra. Height: 71", width: 47.5", depth: 18", internal depth: 16"

Internal Ref: k6203c
