

SA413429

Antique gold plated full hunter pocket watch

Price

Sold**Item Reference: SA413429****Date of manufacture: 1920**

Description

An antique gold plated full hunter pocket watch. The watch has a Swiss 15-jewel stem winding movement which is working nicely. The movement is protected by an inner hinged cover. The watch measures 50mm diameter excluding the winding stem and the loop. The case is gold plated and was made by the England based watch case maker Aaron Dennison. There are a few small indentations to the case and some light marks just from use over the years. The winding crown pushes in to open the front cover. Inside there is an acrylic lens which is in good condition. The white enamel lens is in beautiful condition with blued steel hands, a subsidiary seconds dial and an outer minute track. PRICE INCLUDES WORLDWIDE POSTAGE
