The chandelier has been professionally restored and rewired to the highest standards. Any questions please do not hesitate to contact us. This is a Dainty French 10 Arms ceiling candelabra from the high Victorian era in gilt brass and crystal, converted professionally to electrics to a chandelier. This chandelier is dressed full of original large hand-cut antique crystals with high lead content (34-38%, typical of this period, as opposed to 15-24% modern crystals), which give you such a beautiful and dazzling array of coloured reflections. Largest crystals are 3 x 2 inches. It has 10 arms each with one bulb. This chandelier has been professionally rewired and restored to the highest standard using only the best components, ready for immediate installation. The frame is solid and has a lovely patina which would fit in nicely in both period and modern homes; it has been sympathetically cleaned and restored without losing the patina.
