Description

An attractive and good quality late 19th century French OVAL CARRIAGE CLOCK of large size and in perfect condition. The case is excellent, with a shaped cast brass handle; curved oval glass panels all around and a stepped base, whilst the blued steel hands and the white enamel dial are both original and perfect. The 8-day two-train movement retains its original platform lever escapement and strikes hours and half-hours on a gong. Recently professionally cleaned, this clock is in perfect working order and is guaranteed at least two years (as are all our clocks).
