Description

A gents 1950s Orator chronograph wrist watch. The watch has a Landeron 288 hand-winding movement which is working well. The watch measures 34.5mm diameter excluding the winding crown and the lugs. The case is gold plated and there is significant wear down to the gold coloured base metal. The snap on case back is stainless steel and there is a little pitting towards the edge. The lens is in good condition. The signed dial has a really good look to it. There are two subsidiary dials, one to record up to 30 minutes and the other for constant seconds. Original hour and minute hands, and black chrono hand. The chronograph feature is operated by pressing the top button to start, and the bottom button to stop and subsequently re-set to zero. A new leather strap has been fitted. PRICE INCLUDES WORLDWIDE POSTAGE
