Description

A 1950s over-sized wrist watch from Dubois Freres. Dubois Freres & Cie were founded in 1888 in La Chaux de Fonds, and they produced both watches, using ebauche movements, and watch parts. In the 1930s, they had an association with Roskopf & Co. The watch has a hand-winding movement, AS 1130 which was known as the Wehrmachtswerk (army movement). It is working nicely and keeping good time. The watch is a good size at 38mm diameter excluding the winding crown and the lugs. The case is rose gold plated and it is in nice condition with just a little rubbing to the tips of the lugs, barely noticeable to the naked eye, and some to the edge of the winding crown. The lens is in lovely condition. The signed dial is in its original finish, with original hands, a subsidiary seconds dial and outer minute markers, all in very nice condition. A new brown leather strap has been fitted. PRICE INCLUDES WORLDWIDE POSTAGE
