Description

A wonderful pair of wooden candlesticks, always a winning combination, polished Oak and brass. Not to be confused with a simple pair of twists, these are the highly sought-after "open" twists, with two hand carved twists spiralling around each other. The cast brass tops in the form of Scottish thistle form, protect the wood from hot wax drips, the brass re-polished to gleam. The pair do stand straight, when photographed as a pair, it often looks like one is leaning, but this is not the case. They have some fresh green baize on the underside to protect your furniture. Dating to around 1900, they both remain in excellent condition, measuring 13" tall with a base diameter of 5 1/2". Item ID:37893 FREE Worldwide Registered Air Mail Directly From London, England
