Date of manufacture: 19th Century

Dimensions

Height = 11 cm (4.3")

Width = 8 cm (3.1")

Depth = 6.5 cm (2.6")

Description

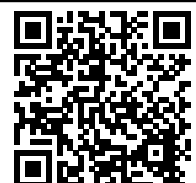

19th Century brass carriage clock in good working order with key. The gilding needs attention. These clocks were designed especially for ladies and gentlemen when travelling in their horse drawn carriages around Great Britain and Europe. These would have been very long journeys with many overnight stops making it difficult to keep up with the time of day without a clock such as this one.
