Description

Outstanding Omega solid 18ct gold gents wristwatch. This is a very fine example of a gents classic wristwatch made by the world renowned premier Swiss maker Omega. The watch is one of the very first solid 18ct gold Omega Seamasters fitted with the highly reliable calibre 354 'bumper' automatic movement. The oscillating weight makes a partial rotation before "bumping" into a cushioning spring, it is extremely rare to find this in a heavy solid 18ct gold case. The professionally restored dial with gilt numerals and baton markers is in mint unmarked condition. It has gilt hands. It also the Omega symbol on the original winding crown. It has been professionally serviced and a new glass has been fitted and is in exceptional condition. As you would expect the watch is fully marked on the dial, movement and case. It comes with a brand new high quality presentation box. The heavy solid 18ct gold screw back case is fully hallmarked. It comes complete with a new premium quality chestnut brown leather strap.
