Sold**Item Reference: SA418953****Date of manufacture: 1850**

Description

An antique fusee silver pocket watch by the watch and clock maker Isaac Wilkinson of Leicester. The signed fusee movement, with diamond endstone, is working well and an antique winding key is included although it is not original to the watch. The movement is protected by an inner fitted cover. The watch itself measures 50mm diameter excluding the stem and the loop. The case is silver and there are hallmarks inside the case backs for London 1857... there is a maker's mark but it is illegible. The case is in good condition with just some rubbing to the engine turned detail on the back of the watch. The watch glass is in good order. The enamel dial has some hairline cracks to the top half. PRICE INCLUDES WORLDWIDE POSTAGE
