Description

A rare and absolutely charming mixed metal mode of a handsome cat photographer. It was sold to me as bronze, but I think it's a mixed metal figure of Spelter and Bronze, the base measure looks to be silver in colour. The cat sports his two tiny red crystal eyes and the camera has a clear crystal plate one end and a cabochon cut crystal lens to the front. The cat is mounted on to the original crystal stand which was chipped when it came to me but my glass restorer has polished this out completely. Dating to around 1900 / 1910 it remains in excellent condition. 4 1/2" x 2 1/2" x 3" tall. Item ID:37259 FREE Worldwide Registered Airmail Directly From London, England
