Description

A pretty pair of French bergere tub chairs in Louis XV style, Early 20th Century, the foliate carved beech frames with double caned side panels and single caned backs and seats. The seat caning is good and strong but for added strength they have had sections of hardboard cut to fit the seats and have loose foam filled cushions. Condition is good overall, one chair has some damage to the inner cane panel on the left hand side. As the sides are double caned this is not terribly noticeable but I am able to have repaired at cost if preferred. Height of back: 84cm, Width at from arms: 66cm, Depth: 42cm, Seat height: 42cm not including cushion.
