Description

An antique Waltham Traveler full hunter pocket watch. The watch has a stem-winding movement which is working well. The movement is signed and it has the serial number 19,330,336 which dates it back to 1913. The movement is protected by an inner hinged cover. The watch measures 50mm diameter excluding the winding crown and the lugs. The case is gold filled and was originally 'guaranteed to wear 25 years' which is a nice sign of quality. The case is in very nice condition and it has ornate initials to the front. The winding crown pushes in to open the front cover. Inside there is an acrylic lens which is in good order. The signed white enamel dial is in good condition. PRICE INCLUDES WORLDWIDE POSTAGE
