Description

An antique silver Lagaros A pocket watch from the Record Watch Company. The watch has a signed stem-winding movement which is working nicely. The movement is protected by an inner hinged cover. The watch measures 48mm diameter excluding the winding stem and the loop. The case is silver and there are hallmarks inside the case backs for Birmingham 1926 with a maker's mark for Aaron Dennison. The case is in good condition with just a little rubbing to the engine turned detail to the back. The watch glass is in good condition. The white enamel dial has three of four very faint short hairline cracks running through the numbers but they are not too noticeable at all. Blued steel hands, a subsidiary seconds dial and an outer minute track. The watch comes with an antique silver chain which measures 31cm long, and a 1935 presentation fob. PRICE INCLUDES WORLDWIDE POSTAGE
