Description

A gents 1950s Waltham wrist watch. The watch has a signed Swiss hand-winding movement which is working nicely. The watch measures 34mm diameter excluding the winding crown and the lugs. The case is gold plated and there is some rubbing to the plate on the lugs although the base metal is a similar colour so not too noticeable to the naked eye. The signed screw-on case back is stainless steel... it states that the watch is waterproof but, as with any vintage watch, it should be kept away from water. The lens is in good condition. The signed dial has minor marking but is very acceptable. Original hands, a subsidiary seconds dial and outer minute markers. A new black leather strap has been fitted. PRICE INCLUDES WORLDWIDE POSTAGE
