Item Reference: SA421301

Date of manufacture: 1920

Description

A 1920s Waltham Traveler pocket watch. The watch has a stem-winding movement which is working well. The movement is signed and it has the serial number 25,026,746 which dates it back to 1925. The movement is protected by an inner hinged cover. The watch itself measures 50mm diameter excluding the winding stem and the loop. The case is gold plated and was made by the England based watch maker Aaron Dennison. The case is in good condition with just light surface marks, nothing serious at all. The engine turned detail to the back is still nice and crisp. The watch glass is in good condition just a little nibble to the edge but barely discernible to the naked eye. The signed white enamel dial is in very nice condition and has blued steel hands, a subsidiary seconds dial and an outer minute track. PRICE INCLUDES WORLDWIDE POSTAGE
